STANDARD OIL COMPANY.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. H. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Dr. H. H. Fletcher
The Kind You Have Always Bought
In Use For Over 30 Years.

THEO. D. BLACK-DRAUGHT

THE ORIGINAL LIVER MEDICINE

A yellow complexion, distention, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowels troubles, nervousness, are, give immediate warning by pain, but liver and kidney troubles are much harder to cure. Theo. D. Black-Draught never fails to benefit distressed liver and weakens kidneys. It strikes up the torpid liver to throw off the germs of fever and bile. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys restored by Theo. D. Black-Draught thousands of persons have built immunity in the midst of yellow fever. Many families live in perfect health and have no other secret than Theo. D. Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Autism, S. C., March 19, 1904.
I have used Theo. D. Black-Draught for three years and I have had to go to a doctor less than I have had before. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

The Hocking Sentinel

LEWIS GREEN, Proprietor
Thursday, July 14, 1904.

CAMPAIGN SENTINEL.

From Now Until After the Election
for the Nominal Sum of
Twenty-five Cents.

THE SENTINEL will declare Democratic candidates.
It will support the candidates nominated.
It will give the local and general news of interest and importance.
It will advocate the best interests of Logan and Hocking county.
It will treat its opponents fairly.
It will be a democratic newspaper.
Subscription invited now.

THE DEMOCRATIC NOMINATION.

Judge Alton B. Parker of New York, the nominee of the democrats for president, seems to be almost an ideal candidate for the present crisis.

He is a man of high character, of great dignity, thoroughly grounded in the great principles of democracy on which the nation must rest. The fact that certain men, whom some of us have not liked, are going to support him and have been supporting him does not count. The platform on which Judge Parker stands is all right.

The candidate is all right. Judge Parker was not the sort of a man who can be run by any one or any sort of men. His training and experience have been such that he will think and act for himself.

He is exactly the sort of a man whom the people of this country have been in the habit of electing to the presidency. He has not so very much of a political record and it is to men of that sort that the people have been in the habit of getting their votes.

The Websters, Clays, Blaines, Conklings, Bryans have too much record. They do not rest the presidency.

The unknown Lincolns, Harrisons, Taylors, Cleverlands, are elected. They are the men after all who make the history.

It will be in 1904, "Parker and Victory."

MAYOR GURLEY of Gloucester has ordered the marshal to shoot all dogs unmuzzled and running on the streets, and if the marshal does not obey the order, the mayor proposes to shoot the marshal.

The inquiry is made why the the Infirmary Directors have postponed the water works system for that Institution, and make the Infirmary a first class hotel. Will Dan Eagle tell us?

Tax friends of Peter Nutter of Green township are talking of running him as a candidate on the Democratic ticket for Infirmary Director.

THE SENTINEL is \$1 a year.

CANDIDATE FOR VICE PRESIDENT

Henry Gassaway Davis of West Virginia, Democratic candidate for vice president, was born in Baltimore, Maryland, November 16th, 1828. His father died while he was young. He secured a position on Governor Howard's plantation, of which he became superintendent.

Later he became a brakeman on the B. & O. railroad. He was promoted to conductor and later became agent at Piedmont.

He resigned his position to go into business with his brothers at Piedmont, dealing in general merchandise, coal and lumber.

He invested in West Virginia coal lands, which were at that time inaccessible.

It was his conception to build the West Virginia Central and Pittsburgh railway.

The building of this road gave access to the coal and timber lands of West Virginia and an outlet for their products.

The building of this road brought Mr. Davis into prominence.

He is president of the West Virginia Central and Pittsburgh and the Piedmont and Cumberland railways.

He is a large shareholder in the Davis Coal and Coke company and other large corporations.

In the management of some of these enterprises, his son-in-law, Stephen B. Elkins, United States senator from West Virginia, co-operates with him.

He was a member of the house of delegates of West Virginia 1865.

He served in the state senate in 1867-69 and was United States senator from 1871 to 1883, declining a re-election.

He was a delegate to the Pan American congress, taking an interested part in the proceedings of that body, and in 1890 he became a member of the international railway commission.

He is a Presbyterian.

He endowed the Elkins Presbyterian college at Elkins, which will soon be dedicated.

He built the Davis memorial hospital, costing \$100,000, at Elkins, to his son who was drowned while yachting on the African coast.

Mr. Davis is 81 years old.

His wealth is estimated at six million dollars.

THE CONVENTION.

The Most Notable One in History.

It was one of the greatest conventions which has ever taken its place in the list of great events connected with a party which has been in existence almost as long as the government.

The convention assembled, amid the threats of great danger and with gloomy prophecies as to what was about to happen. It was adjourned with great work well done and with all the factions as well pleased as it is possible for them to be.

Of course the extremes are both not quite content but there are no threats of bolting and after it has all been fought out on the platform and candidates are as good as could have been expected and the promise of victory in November is bright.

It now remains simply for the leaders and the rank and file to get into line and push for success.

There is great dissatisfaction with the party in power. With broken promise and failure to make good their claims they have the effrontery to go before the country "pointing with pride" to a lot of history which ought to make those who have taken the most important part in it to blush with shame.

The republican party will be placed on the defensive from the start and when the battle is over they will have plenty of time to explain how they were defeated.

They will be asked to explain how it comes about that with everything in their own hands and with the loud call for letting well enough alone, the times have steadily drifted into the present condition with nothing overhead but dark clouds.

They will have to defend their foolish position on all matters of national importance. There will be plenty to talk about. There is much for our enemies to defend.

Judge Parker was nominated on the first ballot.

So was Senator Davis.

The platform was adopted without debate or division.

Will we keep the dirt on the paved streets always? Isn't it about time contractors or council clean the streets?

THE GHIM REAPER.

CAPT. T. E. BAKER.

Capt. T. E. Baker, who had a paralytic stroke, of which mention was made, died on last Thursday. The funeral was on Saturday, at the direction of the Masonic order, of which he was a prominent member.

The following obituary is from the History of Hocking county: Thomas Edwin Baker, former junior member of the firm of Work & Baker, stove and tinware merchants of Logan, was born in Lancaster, Ohio, July 14, 1828, where he was reared. He is the eldest of five sons of Luman and Sarah Ann (Hart) Baker, with whom he lived until he was fifteen years old, when he became apprenticed to John McClelland to learn the tinners' trade, at which he served till his nineteenth year. He then went to Columbus, Ohio, and worked as a journeyman for one year, after which he worked for six months at Newark, Ohio. In the fall of 1849 he went to Bainbridge, Hocking county, Ohio, where he held the position of foreman in the shop of Grove W. Penny until the following spring, when he came to Logan and engaged with his father in the stove and tinware business, the firm name being T. E. Baker & Co.

In 1853 his father retired from the firm, and he carried on the business alone till 1857, when he sold out to G. M. Webb & Co., being employed by them as a journeyman until July 1862. He was then commissioned First Lieutenant by Governor Todd, and assisted in recruiting Company G, Ninetieth Regiment Ohio Volunteer Infantry, with which he went into service and served in the front until July, 1863, when he was wounded in the foot at Stone River, which disabled him. In December 1862, he was ordered to a convalescent hospital at Jeffersonville, Indiana, where he remained until October, 1863, when a veteran reserve corps was organized of the convalescents, and he was ordered out as Captain of Company G, Seventeenth Regiment Reserved Corps, he having been promoted to Captain in June, 1863, serving with his company on guard duty at Indianapolis until October, 1864. He participated in the battles of Perryville, Stone River and several less important skirmishes, and in October 1864, resigned his commission and returned to Logan. In March, 1865, he formed a partnership with Robert R. Work in the stove and tinware business where he remained until 1890, when the partnership was dissolved. Mr. Baker retiring and going into the stove and tinware business, for himself, in the Roller building on the corner of Spring and Main, continuing until 1900, when he retired from active business life.

He was married October 10, 1850, to Miss Mary D. Towers, of Lancaster, by whom he had nine children, six of whom are living, viz: Frances Mary, wife of George Mumford, Annie E. Brashers, Luman E. Hamden Culver, Gertrude and Nellie W. The deceased ones were: John Borland, who died at the age of twenty-four years, Sallie Alice, wife of A. Pettit, of Troy, Ohio, who died at twenty-one years of age, and Louise, who died aged three years.

Mr. Baker has served as Councilman of Logan. He was a Master, Royal Arch and Council Mason, and member of the lodge, chapter and council at Logan. He was a charter member of J. K. Rochester Post, No. 140, G. A. R., of Logan. He was a member of the Presbyterian church of which he was a trustee at the time of his death.

THOMAS J. ALLEN.
Mr. Thomas J. Allen, after a long illness, died at his home in Logan on Wednesday of last week.

He was an early acquaintance of ours and a correspondent for a paper in Perry we controlled thirty years ago. He was a man of intelligence.

He was faithful in his service in such stores in which he had service.

Largely to his energy and zeal in the interests of the Journal-Gazette does this paper owe much of the prominence it assumes; and much of the movement will be elevation of the paper he worked for and helped to build.

His death takes from an editorial society one of our oldest and most esteemed members. In his newspaper work he became perhaps one of the most widely known men of the county.

With his many friends, the SENTINEL joins in sympathy with the family.

JAMES GUTHRIE BELT.
James Guthrie Belt, son of Orlando G. Belt and Margaret Belt, died at Passavant hospital, Pittsburgh, Wednesday, June 29th, 1904. He had been ill during the last eight months, and by the advice of his physician, left the city, finally going to Pittsburgh, where he took a position with the Westinghouse Electric company. Here he won the respect and love of both the officers and employees, evidenced by a letter to his mother, signed by all his co-workers. His pure, upright, unselfish life endeared him to all who knew him, and Dr. Gladden's words at the funeral service, held in the chapel at Green Lawn, were a fitting and beautiful tribute to the closing of this bright life.—Columbus Journal.

The exhibits in the many buildings will be supplemented by acres of operative exhibits on the open grounds; by rare feature attractions and by high class amusements, to make the general occasion the more interesting and enjoyable.

Make your arrangements to attend the Fair. The cost is small the benefits large, the enjoyment all that could be wished.

The deceased had many relatives and friends in Logan with whom the SENTINEL joins in sympathy for the bereaved family.

THE SENTINEL is \$1 a year.

GILBERT ROBY.

Gilbert Roby, aged 47 years had lived until the 15th of July, died at his home on North Cemetery street of catarrh of the stomach, Friday, July 8th, at 6:10 p. m. The funeral was from the house Sunday, July 10th, at 10 o'clock a. m., Rev. Evans of the U. B. Church, officiating. His remains were interred in the Smith Chapel cemetery along with his kindred dead. He leaves a wife, two children and two step children to mourn their loss, and who have the sympathy of our entire community.

MACCABEES MAY BE DISCIPLINED

For Protesting Against the Proposed New Rates

An emphatic protest against increasing the insurance rates of the order from 100 to 400 per cent was proposed by the Maccabees residing in the thirteenth Maccabee district, which includes Toledo and a few adjoining counties.

The revision of rates is to be voted upon at the Maccabee convention to be held in Detroit next month. If the proposed schedule is made effective, not only will cost of insurance be greatly increased but the old age benefits, affording protection to members after they have reached the age of 70 years, will be eliminated.

Not only in Ohio, but in other states, resolutions effecting to the increase have been adopted by Maccabee tents. Now it has been discovered that the adoption of such resolutions amounts to subordination, less Majesties, or something of that sort, and officers of a tent at St. Marys, O., have been notified to appear before the supreme tent for trial, for alleged misconduct.

The Maccabees of Bay City, Mich., have not only adopted resolutions but have requested their wide publication in newspapers of the United States and Canada. In part, the resolutions, which are signed by a committee of eleven, are as follows:

"We the undersigned committee, representing members of the Supreme Tent, K. O. T. M., of Bay City, Michigan, consider that the time has arrived to publicly express an emphatic protest against actions and methods of head officers, as to formulating laws, etc., governing the order.

"According to a review of new rates to be voted on at the next convention, to be held in Detroit, next month (July), it is noted favorably, will increase present rates from one hundred to more than 400 per cent over present ones, also will eliminate old age benefits which promises, on our protection on arriving at the age of 70.

"The old members, who were the foundation of future success of the order, will be suffered on account of almost a prohibitive rate of assessments, although there is now a surplus of \$4,000,000 accumulated at present rates. We know that when rates have been increased at the convention salaries of head officers are invariably raised, while many of the latter, before being elected to official positions in Supreme K. O. T. M. could not earn \$100 per month in their former occupations, and are now being paid as high as \$7,500 per annum, in addition to vast amounts allowed for personal expense while traveling.

There should never have been allowed two separate organizations of the Maccabees order in this country, and Canada, as members who belong to both are taxed separately in each for percentage, per capita tax and tent dues which aggregate sum up to hundreds of thousands of dollars annually."

"There will be many in attendance at the Detroit meeting who are not delegates," says a Bucyrus Maccabee, "and those who go will back up the delegates in their protest against rate discrimination."—Bucyrus Journal.

THE OHIO STATE FAIR.

The Ohio State Fair and Industrial Exposition to be held at Columbus, five full days, August 29, 30, 31, and September 1 and 2, 1904, is called to the attention of the people, as the mecca of interest and enterprise toward which travel will be directed on the days named.

This now important Ohio institution is the culmination of years of effort, and the expenditure of large sums of money, in moulding the grounds into a beautiful and inviting park resort, and the erection thereon of a class of fine, large Exposition Buildings, imposing in appearance and complete in every detail of arrangement for displaying the results of art and education, and the products of science, skill and industry in Fifteen Great Departments where the exhibits made are classified and arranged in divisions for intelligent comparison and inspection by the general public who attend the Fair.

The object of inviting inspection and comparison of the exhibits is to instruct and enlighten the masses relative to progress and improvement in all that pertains to the public good, and this great object stamps the Ohio Fair as of and for the whole people.

The exhibits in the many buildings will be supplemented by acres of operative exhibits on the open grounds; by rare feature attractions and by high class amusements, to make the general occasion the more interesting and enjoyable.

Make your arrangements to attend the Fair. The cost is small the benefits large, the enjoyment all that could be wished.

THE SENTINEL is \$1 a year.

Buckwheat Cakes with ROYAL Baking Powder

Are delicious and wholesome—a perfect cold weather breakfast food.

Made in the morning; no yeast, no "setting" over night; never sour, never cause indigestion.

To make a perfect buckwheat cake, and a thousand other dainty dishes, see the "Royal Baker and Pastry Cook." Mailed free to any address.

ROYAL BAKING POWDER CO., NEW YORK.

NEW RULES

Governing Mail Carriers Went Into Effect July 1st.

In accordance with the act of congress fixing salaries, a new set of very stringent rules governing rural carriers went into effect July 1. It was understood that carriers were to receive an increase of salary to \$730 per year.

Under the new rules no mailable matter must be handled by rural carriers unless the postage is prepaid with the single exception of country newspapers, which, under the law, are permitted to be delivered free throughout the country in which they are published, to actual subscribers.

The hire for merchandise carried on request of the patron, must be paid by the patron. Carriers will not be allowed to receive any compensation from the owner of such merchandise.

They must not allow any persons other than authorized postal officials to ride as passengers. Other restrictions are placed on the carriers which will keep them pretty strictly confined to their duties during the hours of their work.

HOCKING VALLEY EXCURSIONS.

Low rate excursion to Frankfort and Beulah, Michigan, Thursday, July 28th. Rate, \$7 for the round trip, good for return until Aug. 8th.
